

OLUFUNMILAYO BUSARI

Fullstack Software Engineer

Contact Address: Fagba, Lagos | [+2347068343774](tel:+2347068343774) | [My Email](#) | [Linkedin](#) | [GitHub](#) | [My Portfolio](#)

PROFESSIONAL SUMMARY

Innovative Fullstack Developer with expertise in building scalable web applications and 5+ years of combined experience in software engineering and customer service. Proven success in delivering solutions for fintech, telemedicine, and e-learning sectors. Adept at end-to-end development using modern frameworks like React, Node.js, and MongoDB. Recognized with scholarships from MTN Group and AfDB for academic excellence. Collaborative team player with a focus on agile methodologies, user-centric design, and continuous skill enhancement.

PROJECTS

❖ **To Do List Web App** – *Univelcity, Nigeria (2024)*

A fullstack todo list project that allows multiple users sign into individual's authorised account.

Each user can create, view, update and delete their tasks

Tech Stack: React-vite, Tailwindcss, Node.js, Express.js, MongoDB

❖ **TaskMaster Web App** – *3MTT Nigeria (2024)*

A full-stack task management web application allowing users to sign up, log in, create, update, delete, and filter tasks.

Tech Stack: React-vite, TailwindCss, Node.js, Express.js, MongoDB

❖ **Telemedicine Web Platform** – *Power Learn Project Kenya (2024)*

Developed a responsive telemedicine web app for virtual doctor consultations, medical records, and scheduling.

Tech Stack: React-vite, Tailwindcss, Node.js, Express.js, MongoDB

❖ **Scan-to-Pay Backend API** – *SAIL Innovation Lab Nigeria & TechCampus Africa (2025)*

Collaboratively built a backend-focused fintech solution designed to empower small businesses and their customers with a frictionless, QR-code-based payment system. The API enables store attendants to generate dynamic QR codes for transactions, which customers can scan to instantly complete payments via Paystack.

Tech Stack: Node.js, Express.js, MongoDB (Mongoose ODM), JWT, BcryptJS, Nodemailer, Cloudinary and Multer

PROFESSIONAL EXPERIENCE

Digispert Technologies,
Nigeria.

Frontend Developer (Contract/Remote)

May 2025 - Present

- Built landing pages for the company website
- Worked with figma files and brought pages to life
